SYED AHMED, MD JOINS HALIFX REGIONAL

Dr. Ahmed is New Hospitalist

ROANOKE RAPIDS, NC - (August 25, 2008) – Syed Ahmed, MD has joined the Medical Staff of Halifax Regional as a hospitalist, a physician who treats patients at a hospital.

He becomes the second hospitalist to see Roanoke Clinic patients who are hospitalized at Halifax Regional. Asra Jaffar, MD began seeing patients in July.

After earning his medical degree in India, Ahmed completed his residency in internal medicine at McLaren Regional Center in Flint, Michigan. He also was a clinical instructor at the School of Medicine at Michigan State University. Ahmed volunteered in the local free clinic and a nursing home.

“Hospitalists allow primary care physicians to spend more time with their patients in their offices,” said Ahmed, “while ensuring that patients receive quality care in the Medical Center.”
