## **JUNIOR VOLUNTEERS LEARN AT HALIFAX REGIONAL**

*Kendall Warrick Coordinates Summer Program*

**ROANOKE RAPIDS, NC. (June 14, 2010)—Halifax Regional’s Junior Volunteer program is back in full swing this summer under the leadership of Kendall Warrick, coordinator for the second time.**

A Roanoke Rapids native, Warrick is managing the activities of 35 Junior Volunteers at the Medical Center. “This will be an excellent learning experience for the volunteers. They’ll work in approximately 20 departments of the Medical Center, assisting employees in many ways,” said Warrick. They also will plan a Patient Appreciation Day.

“Most of the Junior Volunteers are interested in a career in the medical field, so this experience will be valuable to them in identifying their fields of study in college,” added Warrick.

Warrick also is interested in the healthcare field. She said her experience coordinating the junior volunteers program last summer increased her organizational and managerial skills. “My experience last summer was rewarding, and I feel more comfortable in the hospital environment now.”

Warrick is a student at East Carolina and will begin nursing school in the fall. A graduate of Halifax Academy, she is the daughter of Tina and Michael Warrick.
